Reasons for Hospital Engagement

Hospitals have agreed to work together to achieve best possible outcomes for our communities and health care delivery systems

- Strong desire to make health care delivery system improvements
- Goal of hospitals working together in regional planning
- Fear of bad things happening!
- Focus on primary care access and integration with mental health and dental health
- Large Medicaid funding each Hospital currently receives

Flagship Projects

- Bi-Directional Integration of Care and Primary Care Transformation
- Addressing the Opioid Crisis
- Chronic Disease Prevention and Control
- Emergency Room Diversion
Projects still under consideration

- Transitions from jail to care
- Support for low income mothers and babies
- Expansion and integration of oral health services

Projects requiring more information

- Community paramedicine
- Diversions from jail
Apple Integrator

- **Integrator**—a coordinating entity at the community level—will ensure coordination and communication across services by engaging partners, recommending policy and practice changes, promoting information exchange, and analyzing data.

- **Network**—an IT care referral system and compliant cloud network—such as Amazon AWS or Microsoft Azure—with roles-based access control enabling easy and reliable service and connectivity for all involved.

- A **sentinel** in each partner organization will onboard and route referrals and act as the primary point-of-contact for the integrator.

Initiative 1 Funds Will Flow to Participants through Several Distinct “Pools”

- **Total Initiative 1 DSRIP Transformation Funds** ($1.12 billion)
  - **State Administration Funding** ($52M)
  - **Design Pool (Y1 Only)** ($54M Max)
  - **DSRIP Project Pool** ($847M Max)
  - **VBP Incentive Pools** ($169M Max)
  - **Integration Incentive Pool** ($507M Max)
  - **VBP Incentive Pool** funds that remain after Integration Incentive Pool are divided into Provider pool (2/3 of remaining) and MCO pool (1/3 of remaining)
  - **Reinvestment Pool (Partnering Providers)** ($113M Max + Un-earned Funds)
  - **Challenge Pool (MCOs)** ($56M Max)
  - **Un-earned Project Pool** funding will be available to be re-earned through high performance on statewide quality measures via the Reinvestment Pool
  - Similarly, un-earned Challenge Pool funding could also be redistributed based on exceptional quality performance

Jefferson Healthcare Advocacy Issues/ Concerns
Presented to Representative Kilmer
On June 2, 2017

So we’re against AHCA, what are we for?

• Healthcare coverage for all residents of Washington.
• Preserving coverage for individuals, children, and families.
• Funding levels from CMS that maintain coverage, access to care, and does not harm our state’s operating budget... and ideally, reward our state (and our county’s) efficiencies and lower utilization of healthcare services.
• Maintaining a stable commercial market.
• A slightly tweaked ACA.
The Usual Suspect Issues

- **Oppose efforts to restrict the 340b drug discount program, support legislation to include orphan drugs and monitor efforts to control high costs for prescription drugs.**
  
- Enact policies that expand access to high quality medical treatment through telehealth and telemedicine capabilities.
  
- Oppose reductions to payments to critical access hospitals.
  
- Remove the 96-hour physician certification requirement as a Medicare condition of payment for critical access hospitals.
  
- Expand rules allowing Medicare beneficiaries who are seen by mid level practitioners to be attributed to rural accountable care organizations.

340b Program

- **Current Reimbursement Methodology:**
  
  Average Sales Price + 6%

- **Proposed Reimbursement Methodology:**
  
  Average Sales Price – 22.5%

- Effectively stops the benefits/margin from the 340b Program.
Senator McCain’s 33.5 Billion Dollar Vote

Estimated Impact of Expansion and Per Capita Cap

The combined impact of elimination of funding for expansion and the per capita cap would result in a loss of more than half of Washington’s federal Medicaid funding relative to baseline by FY 2026.

Total Federal Cut Due to Expansion Changes and the Per Capita Cap (FY 2020-2026) $33.5 billion

The switch to CPI trend rate in 2025 will substantially deepen the magnitude of cuts beyond 2026.

Update on the Dental Clinic Grant

• According to WSHA insiders, capital budget has been agreed to by all parties.
• Our dental grant is not in jeopardy.
• Governor likely to reconvene legislature in November to force a vote on the capital budget.
• We continue to preliminary plan but will wait until budget is finalized before significant dental planning work begins.

Update on Discovery Behavioral Health

• Exciting progress being made.
• Meeting with DBH board and operations leaders tomorrow.
• Working on finalizing framework of an agreement.
• Will provide detailed update at 8/16 meeting.
