RE: 11/27/2018  Medical Executive Committee appointments/reappointments and annual policy review recommendations for Board approval 12/19/2018

C-0241
§485.627(a) Standard: Governing Body or Responsible Individual
The CAH has a governing body or an individual that assumes full legal responsibility for determining, implementing and monitoring policies governing the CAH’S total operation and for ensuring that those policies are administered so as to provide quality health care in a safe environment.

Interpretive Guidelines §485.627(a)
It is the responsibility of the governing body (or responsible individual) to appoint, with the advice of the medical staff, the individual practitioners to the medical staff. After considering medical staff recommendations, and in accordance with established CAH medical staff criteria and State and Federal laws and regulations, the governing body (or responsible individual) decides whether or not to appoint new medical staff members or to continue current members of the medical staff.

Recommended provisional appointment to the active/courtesy/allied health staff:
1. Peterman, Kelsea DO – General Surgery
2. Frick, David, DO – Emergency Medicine

Recommended re-appointment to the courtesy medical staff with privileges as requested:
1. Bork, David, MD – Tele-Radiology
2. Nathan, Diane, MD – Tele-Radiology
3. Neubauer, Nancy, MD – Tele-Radiology
4. Stambaugh, Lloyd, MD – Tele-Radiology
5. Marlow, David, MD – Tele-Radiology
6. Saxey, Roderick, MD – Diagnostic Radiology
7. Witrak, Bonnie, MD – Diagnostic Radiology
8. Vanderheiden, Scott, MD – Diagnostic Radiology
9. Yeatman, Carter, MD – Tele-Radiology
10. Krol, Christopher, MD – Diagnostic Radiology
11. Mayhle, Mark, MD – Tele-Radiology

Recommended re-appointment to the allied health staff with privileges as requested:

Medical Student Rotation: n/a
Purpose:
The purpose of a medical history and physical examination (H&P) is to determine whether there is anything in the patient's overall condition that would affect the planned course of the patient's treatment, such as a medication allergy, or a new or existing co-morbid condition that requires additional interventions to reduce risk to the patient.

Procedure:

A. Documentation Requirements:
   1. The history and physical must be performed and documented within 30 days prior to a scheduled admission or within twenty-four (24) hours after an unscheduled admission.
   2. At the time of admission, or at the time of the physician's first visit, but no longer than 24 hours after admission, all charts must include a documented H&P in EPIC. This note will include the diagnosis, reason for admission, indications for any planned procedure, relevant assessment of the patient's condition and plan for therapeutics and diagnostics.
      - An HP completed within 30 days prior to admission or registration shall include an entry in the medical record documenting an examination for any change in the patient's current medical condition completed by a doctor of medicine or osteopathy.
      - This examination and update of the patient's current medical condition shall be completed and placed in the medical record within twenty four (24) hours after admission or registration, but prior to surgery or other procedure requiring anesthesia services.

B. History and Physical Requirements by Patient Status:
   1. Inpatient, Same Day Surgery and Observation Charts:
      To include chief complaint, details of the present illness, relevant past medical history, relevant social history, relevant family history, summary of psychosocial needs as appropriate, relevant review of body systems, relevant physical exam, allergies, medications, and impression/plan or conclusion.
      - A preoperative history and physical shall be on chart prior to performance of a non-emergent surgical procedure. If history and physical is not recorded before the time scheduled for procedure, the operation shall be canceled or postponed, unless the attending surgeon documents on the record that such delay would be detrimental to the patient. All cases which are canceled due to absence of history and physical shall be reported to Surgical Services Committee.
   2. Recurring Patients, Medical Short Stay Procedures or Treatment (i.e., IV medications, chemo):
      - Initial visit for the recurring, Medical Short Stay patient: The following options are available:
         1. Complete H&P in EPIC; or
         2. Office notes that contain all elements of an H&P, as referenced above in Section B1
      - Following the initial visit, for recurring medical outpatients: Entries are required
at least every four (4) weeks, or prior to the next treatment if the treatment is longer than four (4) weeks apart.

3. Diagnostic Procedures (ie: lab, cath flushes, radiology, physical therapy): No history and physical required.

4. Emergent/Stat Treatment: At the time of admission, the patient's diagnosis must be documented. A progress note, Short Stay Form or office notes that contain all elements of an H&P, as referenced above in Section B1, need to be entered into EPIC within twenty-four hours.

5. Procedural Sedation (moderate/conscious sedation): Refer to policy for documentation requirements.

6. The obstetrical record shall include a complete prenatal record. The prenatal record may be a copy of the attending practitioner's Office record transmitted to the hospital before admission, but an interval admission note must be written that includes pertinent additions to the history and subsequent changes in physical findings. Un-established patients will need a full history and physical.

C. Readmission: When a patient is readmitted within 30 days for the same problem, an interval history and physical exam may be completed. Reference to the previous history and physical must be inserted in the chart and the interval note must reflect any subsequent changes in the patient.

D. Who Can Perform the History and Physical:
A history and physical examination may be performed by physicians and specified allied health professionals.
It is expected that the operating surgeon will be the admitting physician under normal circumstances for scheduled procedures. If the admitting physician is not the operating surgeon, the surgeon must provide a pre-operative consultation which shall be documented in the medical record.
Dentists may perform a history and physical related to dentistry.
Podiatrists may perform a pre-operative history and physical examination independently on their patients of surgical risk ASA Category I or II. The podiatrist is responsible for arranging an additional H&P by a MD, DO, ARNP or PA for podiatric patients with risk greater than ASA Category II.
Advanced Registered Nurses Practitioners and Physician Assistants may perform a history and physical; Co-signature by sponsoring physician is required.
Residents and students may perform a history and physical. Co-signature by sponsoring physician who has verified the accuracy via an in depth exam is required.
Admission is defined as patient registration in any inpatient, observation, same day surgery, or short-stay hospital service.
