Gross Revenue

The charges generated by each department for services rendered. 2024 gross revenue is increased by both volume, and a 3.49% price increase.

FTEs: **Full time** equivalents

1.0 FTE= 2080 hours. a full-time employee. Hours for part time or per diem employees are added to calculate FTEs for budget and reporting purposes. FTEs include productive (worked) and nonproductive (paid time off) time.

Net Revenue

What we expect to collect from gross revenue/charges we generate. We generally collect about 45% of gross revenue (charges).

Operating/Total Margin

Operating and Total Margin are profitability indicators. Margin is calculated by dividing Operating Income (for Operating Margin) or Change in Net Position (for Total Margin) by Total Operating Revenues. A healthy Total Margin for a hospital is between 2 and 6 percent

Contractual adjustments

The amount we expect to "write off" from the amount charged to determine net revenue.
